Dean Fernow,
Faculty of Forestry.

Dear Dean Fernow:

As you are aware a serious agitation has been going on for some time in the Province against the retention of German as a compulsory subject in any of the departments of the University. It will be necessary I think to yield in so far as to make German optional. Would you be kind enough therefore to let me have your consent by return to recommend to the Senate, which meets on Friday of next week, that hereafter German will be an optional subject also in the courses in the department of Forestry ?

I hope that the rest is enabling you to regain somewhat of your wonted strength. With kind regards to Mrs. Fernow, I am,

Yours sincerely,

President.
